I understand that any changes in the educational status (drop in credit hours, change of program or major, grade changes, withdrawal or retroactive withdrawals from school) may cause overpayments that will be due from the veteran. Failure to report changes could jeopardize future enrollment certifications. Please keep in mind that non-punitive grades such as "N", "W", "WP" AND "X" are not acceptable to the Veterans Administration for payments of benefits. **It is the student's responsibility for reporting changes in his or her enrollment to the certifying official and to the VA. Therefore, it is extremely important that you do not withdraw from classes if your course load will be reduced to below the level for which you were certified.** If you withdraw from courses and received the grades listed above, the VA will consider you as being overpaid for the entire semester unless you can prove to them that there were mitigating circumstances. I understand that I am **NOT** eligible for any payments under any VA programs for credit hours not required for my degree program. **If you want any Military credit it is your responsibility to obtain an Official Military Transcript and submit to our office for review.**

This is to certify that I have read the above information.

You are also verifying you are not receiving any federal tuition assistance.
